

The Plastics Fabricators

BABY MEASURER

Australian made from recyclable material

Manufactured from 6mm thick acrylic (commonly known as Perspex) the measuring guides are graduated in millimeters and centimeters, and measures up to one meter in length. Two measuring guides are adhered per unit for ease of reading. The measuring guides are printed on white vinyl material which is washable. These are affixed on the underside of the unit for cleanliness.

This unit comes with a removable slider for accurate measurement and easy cleaning.

Dimensions (approx.) H 100mm (head), H 70mm (side) x W 500mm x D 1000mm*

All edges are flamed, and polished to remove all sharp edges.

*Units may be varied in size to suit individual requirements. (Or custom made to your requirements)
